Format for Play: Ladies will play a traditional 4-Person Scramble Format. All four players will hit a tee shot and the team will collectively decide which of the four tee shots is most advantageous. All four players will then play their second shots from the position of the selected drive. The team will then collectively decide which of the four second shots is most advantageous, and all four players will then play their third shots from that position. Teams will continue to play in this method until a ball is holed. The following additional rules for play include:

- Each Team MUST utilize at least ONE Drive from each team member during the 9-hole round.
- When playing from a selected shot, players may place their ball within one club length of the original lie and in the same-like condition (example: fairway, rough, etc...) but no closer to the hole.
- When playing from a selected shot on the green, players may place their ball within 6" of the original lie but no closer to the hole.
- Pace of Play is an important ingredient to an enjoyable evening. There will be a minimum of one Three Crowns Course Marshall employed to monitor play on each nine. If a group is not able to maintain a pace consistent with the group in front of them, they will be instructed to skip a hole and record a bogey score for that hole.
- Closest to Pin Contests require the qualifying shot to be on the putting surface.
- Longest Drive Contests require the qualifying shot to be in the fairway or on the green.
- Longest Putt Contests require the qualifying shot to be played from the putting surface.

2023 Ladies Wednesday League

Entry Form and Information: Based on early inquiries, we expect to see increased interest for play in our Ladies Wednesday League in 2023. In the interest of the player experience, we will limit the total field to a maximum of 28 teams (14 teams per 9-holes). Team entries will only be accepted with full payment. We will begin accepting Team Sign-ups and Payments on Saturday, April 1st by the following method and priority:

Returning Teams from 2022:

-  April 1st thru April 30th - First priority will be given to the 28 teams who played in 2022.
 - This priority is provided to those teams from 2022 where at least 3 team members are returning with the same team and must include full payment to confirm entry.
 - Returning teams who do not submit a 2023 Team Entry (with full payment) before April 30th will lose their first priority status and turn to a “New Team” status when new team entries are considered beginning May 1st.

New Teams for 2023:

-  Team Entry Forms (without payment) will be taken between April 1st and April 30th.
 - If the number of team entries exceed the total team spots available, we will draw to determine the order in which new teams will be entered (drawing held on May 1st).
 - On May 1st (following the draw), each new team entry will be contacted (in order) and given 3 days to complete their team entry (with payment) before forfeiting their draw.
